**STATEMENT REGARDING HOUSE BILL 3114**

Senator Eckhardt submitted the following statement regarding **HB 3114**:

The view of the Texas Capitol is one of the great assets of the people of Texas. In 1985, the 69th Texas Legislature recognized this fact by passing Senate Bill 644 by Senator Gonzalo Barrientos, which codified the 30 Capitol View Corridors we have in statute today. In the forty years since then, the City of Austin's population has more than doubled, but the view of the Texas Capitol has remained as a great icon of the city and the people of Texas.

However, Capitol View Corridors have often conflicted with necessary developments across the city. Such is the case with HB 3114, which seeks to remove four corridors to allow for the development of the University of Texas at Austin Medical Center.

The legislature has faced these issues before, and the solution over the last forty years has been to exempt specific developments from the Capitol View Corridors. The legislature has passed exemptions for Darrell K Royal-Texas Memorial Stadium, the East 11th and 12th Streets Redevelopment Program, and the redevelopment of the Robert Mueller Municipal Airport.

While I wholeheartedly support the development of the University of Texas at Austin Medical Center, I voted against House Bill 3114 because, rather than eliminating Capital View Corridors, I believe the legislature should follow established precedent of merely exempting specific developments in the public interest.

In the future, I hope the legislature will consider narrowly tailored exemptions rather than removing Capitol View Corridors in their entirety.
