SENATE BILL 506 ON THIRD READING

Senator Uresti moved that Senate Rule 7.18 and the Constitutional Rule requiring bills to be read on three several days be suspended and that **SB 506** be placed on its third reading and final passage.

The motion prevailed by the following vote: Yeas 29, Nays 1.

Nays: Wentworth.

Absent-excused: Gallegos.

Reason for Vote

Senator Wentworth submitted the following reason for vote on suspension of the Constitutional Three-day Rule:

I cast a "No" vote on the procedural motion to suspend the Constitutional Rule requiring that bills be read on three several days in order to take up and consider **SB 506**, because in my judgment no circumstance exists in this case to justify the extraordinary act of suspending a requirement of the Texas Constitution. The suspension of this Constitutional Rule has the direct and immediate effect of denying the people of Texas knowledge and notice of the passage of this measure until it has already been finally passed on third reading. Were we to have followed the requirement of the Texas Constitution, third reading and a vote on **SB 506** would have occurred on the next legislative day, allowing for Texans to have learned through news reports of our second reading vote exactly what we had tentatively passed. Third reading and a vote on the next legislative day would also have allowed our professional staff an opportunity overnight to make sure any amendments passed on second reading are technically correct.

**COMMITTEE SUBSTITUTE
SENATE BILL 64 ON THIRD READING**

Senator Zaffirini moved that Senate Rule 7.18 and the Constitutional Rule requiring bills to be read on three several days be suspended and that **CSSB 64** be placed on its third reading and final passage.

The motion prevailed by the following vote: Yeas 29, Nays 1.

Nays: Wentworth.

Absent-excused: Gallegos.

Reason for Vote

Senator Wentworth submitted the following reason for vote on suspension of the Constitutional Three-day Rule:

I cast a "No" vote on the procedural motion to suspend the Constitutional Rule requiring that bills be read on three several days in order to take up and consider **CSSB 64**, because in my judgment no circumstance exists in this case to justify the extraordinary act of suspending a requirement of the Texas Constitution. The suspension of this Constitutional Rule has the direct and immediate effect of denying the people of Texas knowledge and notice of the passage of this measure until it has already been finally passed on third reading. Were we to have followed the requirement of the Texas Constitution, third reading and a vote on **CSSB 64** would have occurred on the next legislative day, allowing for Texans to have learned through news reports of our second reading vote exactly what we had tentatively passed. Third reading and a vote on the next legislative day would also have allowed our professional staff an opportunity overnight to make sure any amendments passed on second reading are technically correct.

REMARKS ORDERED PRINTED

On motion of Senator Hegar and by unanimous consent, the remarks by Senators Hegar, Seliger, and Nelson regarding Floor Amendments No. 1 and No. 2 to **CSSB 534** were ordered reduced to writing and printed in the *Senate Journal* as follows:

Floor Amendment No. 1

Senator Seliger: Members, this amendment addresses some things that Senator Hegar has been really concerned with and, Senator Hegar, I appreciate your concern to do two things in this bill. One, to see to it that those second amendment rights that we are guaranteed by the Constitution are secure and that those additional rights and responsibilities and obligations that ought to go to the holders of the concealed handgun license go to those people. At the same time, their private property rights—

Senator Hegar: Right.

Senator Seliger: Those rights, that a corporation has a right to do what it wants to do with its property, and so what this amendment does is allow the employer who has a fenced-in parking area that's monitored by security personnel to maintain whatever provisions it wants, in terms of the conditions it sets on its employees using that parking area, but the employer should also provide alternate parking that is in close proximity to the secure parking area.

Senator Hegar: Senator Seliger and I have been working on this amendment to try to come up with an ability to ensure people have their second right amendments, yet also recognize private property rights, and I think this amendment accomplishes that. I think, as Senator Seliger is laying out, when we talk about close proximity, we had talked about different words, to how do we accomplish that close proximity, and in trying to do that, obviously, close proximity would not be 10 miles away or two miles away. It would be something that is relatively close, adjacent to, just outside the fence, or next door, whatever is very reasonable in the closest possible manner to make sure that that alternative parking is there. Would, is that not what you were trying to accomplish?

Senator Seliger: It is, and it addresses what we heard in committee about people who have to drive a long way to work and back at night and feel that they should avail themselves of the privileges of the concealed handgun license and should not have to leave their car or their handgun in some area blocks and blocks away from work and have to walk back and forth in the middle of the night. So the intent, specifically, is that this parking lot in which the holders can do what they want, be in very close proximity, and that means, specifically, next door, adjacent to, right across the street, not a few blocks away.

Senator Hegar: Thank you Senator. Amendment's acceptable.

Floor Amendment No. 2

Senator Nelson: Members, as a strong supporter of our second amendment rights, I am certainly supportive and am going to vote for Senator Hegar's bill today. This amendment provides an exemption for the NASA manned and unmanned space flight in Harris County. I represent Lockheed Martin which oversees this project. NASA does not have a fence that meets the definitions of Senator Seliger's amendment. It needs an exemption because of homeland security concerns. If security guards are sweeping the parking lot for weapon checks, you might see how it might be a problem to differentiate between the weapons of its employees and the weapons that shouldn't be there. I really appreciate Senator Hegar working with us on this and believe it's acceptable.

Senator Hegar: Yes, the amendment's acceptable. I mean, we're trying to make sure that when dealing with homeland security issues, especially on a NASA facility, that we're not trying to mandate to the federal government that they have to build a fence around their parking lot just so our companies here in Texas can be able to have those contracts and projects. We want to make sure that we're moving along for homeland security purposes and NASA projects and making sure that Texas businesses are able to have that flexibility, and I think this amendment narrowly defines down to that one specific project. I'm happy, it's acceptable.

SENATE BILL 244 ON SECOND READING
