#### **REMARKS ORDERED PRINTED**

On motion of Senator Van de Putte and by unanimous consent, the remarks by Senators Williams and Van de Putte regarding Floor Amendment No. 12 to **CSSB 9** were ordered reduced to writing and printed in the *Senate Journal* as follows:

**Senator Van de Putte:** Thank you, Mr. President. Mr. President and Members, this deals with our law enforcement training for anybody that is certified through TCLEOSE. Members, as you know that our law enforcement officers go through extensive training, and I had been familiar with the types of training that has been prepared by TCLEOSE, by the Commission because of my work in human trafficking. There were several legislative sessions that I tried to have TCLEOSE have a voluntary-type training available for our municipal police and our county police, so that if they wanted to, that they could do that. Now, of course, as a part of the recommendations of the anti-human trafficking task force that's housed under the Attorney General's office, that training now is mandatory. Senator Williams stated that he was not aware of any specific training provided to law enforcement regarding immigration and immigration-related laws. But, Members, I can tell you that if a city or a county, on any entity, signs up to be part of the federal 287(g) program, they do receive the training. However, many of our law enforcement agencies are not part of that 287(g) program. Training does exist right now, and it's provided to individuals involved with the booking, with, at the time of charging, which has been up to now, the issue where immigration status is raised. Under Senator Williams' bill, individuals will now be entitled—law enforcement—to raise the issue of immigration at the point of detention. And, it would seem also prudent to provide them with the same or similar

training that their discretion can be really an educated one, an informed one. This amendment would have the Commission establish a training program on the enforcement of federal law relating to immigrants and immigration, but it does not make the training mandatory. I want to reiterate, all this amendment does is have TCLEOSE do—prepare a training program, because of the lack of resources and the testimony that was given. This is not a mandate, and I did not want to put this as a mandate to require more, that officers must go through training, but I do hope that some of the cities and municipalities and other entities that have TCLEOSE officers would have their officers make use of this training program. We believe that TCLEOSE can do this, they do this already for human trafficking, but at least this would give our communities that are going to be having a very different public policy the opportunity to have training. I hope that this is acceptable. On the first page of the amendment, on line 14, it cites Article 2.252 of the Code of Criminal Procedure. Members, that is the Secure Communities Act and that's what's referenced to. Again, this is not a mandate, this just makes sure that TCLEOSE establishes the type of training that, hopefully, our municipalities and our law enforcement personnel from regular districts can take advantage of. It is not, like I said is, it's voluntary that they make use of it, but this would have the Commission, which is most suitable to do, at least prepare the type of training that would be needed.

**Senator Williams:** Members, this bill doesn't require enforcement of federal immigration law, I don't believe there's any training, additional training that's necessary. Additionally, I would point out that this, I'd raise a point of order against further consideration of this amendment in that I don't believe it's germane to the bill that's before us.

**President:** Senator Williams, if you'd bring your, your point of order forward. Members, Senator Williams withdraws his point of order, and the Chair recognizes Senator Williams.

**Senator Williams:** I withdraw my point of order, and I think that Senator Van de Putte is going to withdraw her amendment, and we're going to offer some language about legislative intent here.

**President:** The Chair recognizes Senator Van de Putte.

**Senator Van de Putte:** Thank you, and, Mr. President, I do withdraw my amendment in that it might violate the two-subject rule in the House. But I believe that Senator Williams has indicated that he thinks it's probably a good idea for TCLEOSE to try to prepare the type of training that would be used, and so I'd like to yield to Senator Williams for some legislative intent on this particular aspect of training of officers.

**Senator Williams:** Senator Van de Putte, as I said earlier at the podium, I don't believe that this bill requires the enforcement of federal immigration law, and so, as I said, I have some concerns about whether any, mandating any training would be necessary, but having said that, I know that this is a huge concern for you and others on the floor, and out of respect for you and the other Members who've expressed a concern, I would like to state my legislative intent, that I think it would be a good idea if TCLEOSE came up with a training program that was related to the enforcement of

federal law relating to immigrants or immigration for an officer that's licensed under the chapter, and that not be a mandate on any community that they have to have that training. It is my firm belief that that training is being provided now, but out of respect to your concerns on this, I'm happy for TCLEOSE to develop a program, and if we can do that through legislative intent, I think that would be appropriate that they make this available for those communities where there're concerns that the training is inadequate.

**Senator Van de Putte:** Thank you, Senator Williams. I appreciate your desire to work with us on this, and I think it's especially important, particularly in light of the discussions done earlier today, with regard to officers assuring victims of crime, and particularly children, of the availability of certain visas. They have to be able to know that immigration law to be able to transmit the information properly to victims of crime and or witnesses of crime that would need to have that information so that they feel secure in coming forth to the police. I appreciate your concern and I do withdraw the amendment.
