REMARKS ORDERED PRINTED

On motion of Senator Hinojosa and by unanimous consent, the remarks by Senators Van de Putte, Nelson, and Hinojosa regarding **SB 7** were ordered reduced to writing and printed in the *Senate Journal* as follows:

Senator Nelson: Thank you, Mr. President, Members. The goal of Senate Bill 7 is to eliminate waste and inefficiency in our health and human services, to better serve our patients, and to achieve at least \$467 million in savings already assumed in the budget. More importantly, these reforms are critically needed to focus our healthcare

dollars on the outcomes that we want for our patients and to contain the unsustainable growth in Article 2 budget issues. As a reminder, Senate Bill 7 includes from Regular Session, Senate Bill 7, Senate Bill 8, Senate Bill 23. Senate Bill 7 passed unanimously in this special session. We sent it over to the House, the House added 27 amendments, the conference committee accepted 14 of those amendments. Members, these reforms reflect months, if not years in some cases, of careful deliberation. I truly believe that this process, while painful, has given us an opportunity to look at our healthcare budget under a microscope and make sure that it is efficiently working on behalf of people who rely on these services and those who expect us to ensure that we are responsibly using their tax dollars. Mr. President, I move to adopt the Conference Committee Report on Senate Bill 7.

President: Thank you, Senator Nelson. Thank you for all of your hard work and your leadership. Senator Van de Putte, for what purpose do you rise, Ma'am?

Senator Van de Putte: Will the Senator yield to answer some questions?

President: Will Senator Nelson yield?

Senator Nelson: Absolutely.

Senator Van de Putte: Thank you very much. And, Senator, thank you, I know that this has been—

Senator Nelson: A labor of love.

Senator Van de Putte: —through a lot of different versions, and just when you think everything is done there were more complications, so, congratulations at least for working out the complications. But I wanted to ask you some questions for future reference because there are some very important provisions in this bill that certify and give us the amount of savings in the Medicaid program, but it is a big, big difference, and so, I wanted to ask some questions.

Senator Nelson: Sure.

Senator Van de Putte: And the Members may remember when, I think we had this during the Regular Session, there was a concern because of our new Medicaid managed care to all areas, and in particular the State of Texas had its own, basically, pharmacy benefits manager in the vendor drug program. And now that will be parceled up, and it will be along with all the other managed care organization services. And in that we do certify some savings. But we wanted to make sure that with our Medicaid managed care, our MCOs, managed care companies, and our PBMs, that we were being efficient, so I wanted to go over with you a few things. On that very first time we had some language, and I believe if you'll look at page 8 of the Conference Committee Report.

Senator Nelson: Right.

Senator Van de Putte: This is starting on line 5. This is the dialogue that you and I had about considering approval of a subcontract between managed care organizations and a pharmacy benefit manager for the provision of prescription drug benefits. And it's new because, Members, as you know, Senator Nelson did a great job and all of your pharmacies will be able to participate if they agree to the reimbursement rate,

and that's great. But we had some discussions about PBMs that have been fined for Medicaid fraud in other states, and would they be able to contract. So, Senator, on line 5, page 8, it gives some language that I was very comfortable with, and I think everyone was, that it gave the Commissioner the option when approving these PBMs to do our now prescription drug benefit under Medicaid to consider whether PBMs have been, in the last three years, convicted of an offense involving act or fraud of state or criminal law, in other words, basically, Medicaid fraud, and adjudicated to have committed the fraud or assessed a penalty of a fine in the amount of 500,000. So, on this it says, the Commissioner can consider whether to put in that criteria if you have been convicted or assessed a fine in the amount of \$5,000 or more. And this language is great. I think that gives the, it's not what the Brown amendment was. The Brown amendment said if you had, if any company had paid a \$500,000 fine, you're not eligible to contract for Medicaid services in this state, but this at least gave the Commissioner. But, then, I want to refer you back—

Senator Nelson: To the review and consider language.

Senator Van de Putte: —right, page 86, and at the top of the page. Well, it starts at the bottom of 85 where it says, considerations in awarding certain contracts. And then, if you, it starts there but on the top of page 86 it says, basically, if the benefit management company or the managed care organization in connection with the bid proposal or contract with the commission was subject to a final judgment by a court of competent jurisdiction resulting in a conviction or resulting in a fine. My question is, since the Attorney General tells us that 99.9 percent of these Medicaid fraud cases, there's never a conviction. What they do is they settle out of court, and they settle for hundreds of millions of dollars. That, which language supercedes, because in the other one it says the commission shall consider if they were fined, but this one seems to say they have to have been convicted in a Medicaid contract with the Health and Human Services Commission. So, they have to have been found guilty and convicted in Texas before they're not able to do business with the state. Which language takes precedence?

Senator Nelson: Well, and before I answer your question, I want to thank you, because in Regular Session you helped us clarify some language that made this an even better bill, and, you know, throughout the process, during this special session you have helped us, and, you know, all Members of the floor have worked to make sure that the protections that we add for pharmacy providers, as we transition into the prescription drug benefits or transition those into Medicaid managed care is done properly. As you know, in the House there were four amendments that were proposed. We accepted some of those and made it an even better bill, and this one was the one that caused some concern, the one that you pointed out that was added by Representative Brown actually prohibited the commission from contracting with HMOs and PBMs that are convicted of certain offenses. And we didn't, the conference committee did not believe that we should be doing that. Now, in answer to your question, our legislative, or my legislative intent would be for the Commissioner to consider the fines and other corrective actions, but there must be a conviction by the court for any entity to be prohibited from consideration. And I believe that that

was the clear understanding between Representative Zerwas and I and the conference committee Members, that would be our legislative intent. There would have to be a conviction by a court of law for any entity to be prohibited from consideration.

Senator Van de Putte: Okay. And the reason that I wanted to make sure is that, I think all of us here understand that the transparency and the contractor integrity, particularly when it comes to Medicaid fraud, is extremely important.

Senator Nelson: Absolutely.

Senator Van de Putte: And I was concerned that the provisions in the Conference Committee Report on SB 1, pages 8 and 9, didn't kind of match up with 85 through 86, so, by your answer, there's not a statutory conflict that would need to be resolved. But, I want to state, I want to make sure that what I understand is, the Health and Human Services Commission would be allowed to contract with either a PBM or an HMO that had settled either with the Federal Department of Justice or any attorney general for millions of dollars for Medicaid fraud. They could still be considered.

Senator Nelson: Right. Yes.

Senator Van de Putte: And the reason that it is, they have had to have been convicted of fraud with a contract of Health and Human Services and they don't have any. But I'm very concerned because just earlier this year, WellCare Health Plans, a very strong HMO, settled for a 137 and a half million dollars with nine states and with federal authorities to resolve the allegations of Medicaid fraud when it defrauded Florida's Healthy Kids program. Now, it did not get convicted, but the AG settled with that, and that was, I think, a different one. And then, two years earlier, another corporation settled with federal authorities for 225 million because it defrauded Medicaid systematically. We also know that there are pending cases now in three other states with pharmacy benefit managers where they skimmed, and you've heard of these types of things in bank fraud where they do three or four cents on a claim or a transaction. Well, these particular ones shaved anywhere from 92 cents to 93 cents on inhalers, diabetic supplies, and defrauded the states that had Medicaid contracts. So, I wanted to make sure that the Health and Human Services Commission would take into account actors that have been, they may not have been convicted because they never get convicted, but they're paying hundreds of millions of dollars where they've done the very work that we're going to ask them to bid on in the State of Texas. So, you believe, by this language, that it gives the Commissioner the authority to look at it but still anybody can bid.

Senator Nelson: Right. Senator, first of all, I don't think there's a Member on this floor who gets angrier about fraud in this arena than I do. Because we work so hard to make sure that every penny we're spending on our Medicaid clients is being spent on them, that it's not going to those who would fraud the system. The Commissioner already has the authority to deny contracts to bad actors, and should. However, the conference committee believed that that Brown amendment, and he had several that we took, that that Brown amendment prohibiting the commission went too far and would, actually, be detrimental to the system. Now, the reviewing and considering

isn't the same thing as prohibiting. I don't think the two are in conflict with each other. And I do want to point out again that the Commissioner can deny any contract if he or she believes that that company should not be doing business with Texas.

Senator Van de Putte: Senator, I want to thank you because we're not tippy-toeing into this, we're jumping into the deep end of the pool in something that the state had always, was its own PBM, so to speak.

Senator Nelson: Uh—uhm-hum.

Senator Van de Putte: And because of that, been able to reap the hundreds of millions of dollars over the years on supplemental rebates from the pharmaceutical manufacturers. As the change in federal law occurred, I think we reacted to that and, certainly, we will certify that this will be a savings. But I do want to point out that when you take a business entity like your pharmacies that are supplying those Medicaid vendor drug programs, the profits from that are being put back into local communities. And although on paper we certify the savings because of now, the financial side of what insurance companies will have to pay in taxes to do the state. So, on paper we look like a winner, but I got to tell you that pharmacy benefit managers and managed care organizations, they have to return that investment to the people who are the shareholders. That profit now, at least from those pharmacies and from a lot of services, will no longer be generated and used in the State of Texas, and it will go out of state. That's just kind of what happens when you change from having services done and the contracts done here to out. So, I'm hoping that as we go into this, the Commissioner will use the discretion, because the last thing we need is, two to three years down the line, have our attorney general be one of the attorney generals settling with these companies that have been, they have not been convicted, but they've done bad enough to where they're paying hundreds of millions of dollars in fines. And I just wanted to make sure they were on alert that we're taking a big step forward in allowing this very significant change to happen, but that they better be careful about their practices, their business' practices, because that's the last thing this Legislature would want is to do such a different change and then to have the very people that we entrusted to do this commit Medicaid fraud in the State of Texas.

Senator Nelson: I absolutely agree. In fact, you know, I'll put them on fair warning right now, we're going to be watching them. Senator, we've worked long and hard to make sure that our managed care would not reduce patient access. We also were very concerned about running our independent pharmacists out of business. And we put protections into place, and I want to remind everybody that Senate Bill 7 as filed had several protections including allowing for any willing provider to participate in managed care. That was your suggestion and a good one. We keep the statewide preferred, the formulary, preferred drug list in place, and we prohibit HMOs from creating individual formularies. We require prior authorization to be consistent with current policy, which would prohibit the fail first therapies. We prohibit HMOs from requiring mail order prescriptions. We require that HMOs meet prompt pay requirements. And this bill as filed included language that required the Health and Human Services Commission to consider fraudulent behaviors, as I said earlier, before awarding managed care contracts. So, I, in addition, the Conference Committee Report, I think, added some additional things that will be helpful. I appreciate your

comments, Senator. I will, we will both put them on notice that we're going to be watching very carefully, and I want to make sure that every dollar we spend is being spent appropriately. And I thank you for your words.

Senator Van de Putte: Thank you so much, Senator Nelson. I know that you've worked hard, and I want to particularly thank your staff. The staff has put many, many hours, as many of the issues that we bring before us. We're kept informed, but it is our staff members that really do so much of the work, and I don't think they get enough of the credit. Congratulations at least to the staff on working very hard on this particular issue, which is a great change. Thank you for the exchange.

Senator Nelson: Thank you, Senator.

President: Thank you, Senator. Chair recognizes Senator Hinojosa, for what purpose do you rise?

Senator Hinojosa: To ask Senator Nelson a couple of questions, if I may.

President: Will Senator Nelson yield?

Senator Nelson: Yes.

Senator Hinojosa: Senator Nelson, you know, on Senate Bill 7, we worked very hard and long hours and part of the bill has an extension of managed healthcare to South Texas. And we tried to draft language that took some of the differences in regions that we have in South Texas compared to other parts of the state.

Senator Nelson: Right.

Senator Hinojosa: So, if I may, I would like to just ask you a couple of questions to make sure that we have legislative intent on certain sections of the bill itself. Under Section 1.01, page 4 of the bill, which amends Section 533.0025(e) of the Texas Government Code, to state that the commission shall determine the most cost-effective alignment of managed service delivery areas. Is it your intent that the commission shall design these regions in a relatively compact nature that, first, respects present medical referral patterns, second, does not disrupt care access, and, third, ensures that participants in Medicaid managed care are able to secure medical care within the service area if available, and does not force unnecessary travel?

Senator Nelson: Senator, your statement was correct, but I think your section was incorrect. I think it's Section 1.01, I mean 1.02, and I think you just said 1.01.

Senator Hinojosa: Okay. That's correct, that should be Section 1.02—

Senator Nelson: Yeah.

Senator Hinojosa: —thank you.

Senator Nelson: But your statement was absolutely correct, and that is our intent.

Senator Hinojosa: That is your intent, okay. And my second question is, this bill amends Section 533.005(a)(17), page 11, of the Texas Government Code, to require that the managed care organization ensure that a medical director and patient care coordinators and providers and recipient support services personnel are located in the South Texas service region. Is it your intent that the South Texas service region, defined to include at least Hidalgo, Starr, and Cameron counties, and that the duties of

the medical director located in the South Texas service region include the responsibility to make medical necessity determinations, and that the Medicaid director will be available for peer-to-peer discussions about other managed care technical policies?

Senator Nelson: That is not only our intent but that is absolutely why we're doing this. So, yes.

Senator Hinojosa: Well, thank you for your hard work on the Senate Bill 7, and I know it took a lot of meetings, a lot of discussions, a lot of feedback, and thank you for your hard work.

Senator Nelson: Senator, thank you. You contributed hours and hours on this from the very beginning. And I think it is going to work because of your input, and I'm very grateful. Thank you.

Senator Hinojosa: Thank you.

REMARKS ORDERED PRINTED

On motion of Senator Lucio and by unanimous consent, the exchange between Senators Ogden and Lucio regarding **SB 2** was ordered reduced to writing and printed in the *Senate Journal* as follows:

Senator Lucio: Thank you, Mr. Chairman. I do have a couple of questions on the TDRA transfer to the Texas Department of Agriculture and what it means to the CDBG appropriations that exist under TDRA's bill pattern. Senator, I became concerned with our CDBG funding when the House passed Amendments No. 74 and 79 on Senate Bill 1, which transfers TDRA to TDA, since these amendments were never discussed on the Senate side and because contingency appropriations authority for CDBG-related programs were never included in Senate Bill 2, if such a transfer occurred. I had my committee director call your committee office, as well as that of Senator Duncan's, to share my deep concerns with this last-minute transfer by the House. But, I do want to commend your staff, Senator, especially Sarah Hicks. Mr. Chairman, for the record, and to establish legislative intent, I would like to ask you these two questions. First, on page 26 under Section 32 of the Conference Committee Report, is it your intent that all TDRA budget riders and directives currently found under HB 1 of the 82nd Regular Session be transferred and appropriated to the Department of Agriculture and that the Department of Agriculture adhere to these TDRA budget riders and directives?

Senator Ogden: Yes, and the only qualification I would say is that's for all non-disaster relief funding purposes. So, for all non-disaster relief funding purposes, my answer's yes.

Senator Lucio: Thank you, Sir. Secondly, in particular, on Rider No. 6, which requires TDRA to transfer 2.5 percent of the CDBG monies to the Department of Housing and Community Affairs to fund the self-help centers. Under the language of Section 32, will the Texas Department of Agriculture have to adhere to this existing budget rider?

Senator Ogden: It's my intention that they would, yes.

Senator Lucio: Okay. Well, thank you, Senator Ogden, and thank you for working with our office on this important matter.

On motion of Senator Whitmire, the Senate at 2:32 p.m. recessed until 5:00 p.m. today.

SECTION 19.12. The heading to Section 89.086, Natural Resources Code, is amended to read as follows:

Sec. 89.086. CLAIMS AGAINST OIL AND GAS REGULATION AND ~~[THE OIL FIELD]~~ CLEANUP FUND.

SECTION 19.13. Subsections (a) and (h) through (k), Section 89.086, Natural Resources Code, are amended to read as follows:

(a) A person with a legal or equitable ownership or security interest in well-site equipment or hydrocarbons disposed of under Section 89.085 ~~[of this code]~~ may make a claim against the oil and gas regulation and ~~[oil field]~~ cleanup fund unless an element of the transaction giving rise to the interest occurs after the commission forecloses its statutory lien under Section 89.083.

(h) The commission shall suspend an amount of money in the oil and gas regulation and ~~[oil field]~~ cleanup fund equal to the amount of the claim until the claim is finally resolved. If the provisions of Subsection (k) ~~[of this section]~~ prevent suspension of the full amount of the claim, the commission shall treat the claim as two consecutively filed claims, one in the amount of funds available for suspension and the other in the remaining amount of the claim.

(i) A claim made by or on behalf of the operator or a nonoperator of a well or a successor to the rights of the operator or nonoperator is subject to a ratable deduction from the proceeds or credit received for the well-site equipment to cover the costs

incurred by the commission in removing the equipment or hydrocarbons from the well or in transporting, storing, or disposing of the equipment or hydrocarbons. A claim made by a person who is not an operator or nonoperator is subject to a ratable deduction for the costs incurred by the commission in removing the equipment from the well. If a claimant is a person who is responsible under law or commission rules for plugging the well or cleaning up pollution originating on the lease or if the claimant owes a penalty assessed by the commission or a court for a violation of a commission rule or order, the commission may recoup from or offset against a valid claim an expense incurred by the oil and gas regulation and [oil field] cleanup fund that is not otherwise reimbursed or any penalties owed. An amount recouped from, deducted from, or offset against a claim under this subsection shall be treated as an invalid portion of the claim and shall remain suspended in the oil and gas regulation and [oil field] cleanup fund in the manner provided by Subsection (j) ~~[of this section]~~.

(j) If the commission finds that a claim is valid in whole or in part, the commission shall pay the valid portion of the claim from the suspended amount in the oil and gas regulation and [oil field] cleanup fund not later than the 30th day after the date of the commission's decision. If the commission finds that a claim is invalid in whole or in part, the commission shall continue to suspend in the oil and gas regulation and [oil field] cleanup fund an amount equal to the invalid portion of the claim until the period during which the commission's decision may be appealed has expired or, if appealed, during the period the case is under judicial review. If on appeal the district court finds the claim valid in whole or in part, the commission shall pay the valid portion of the claim from the suspended amount in the oil and gas regulation and [oil field] cleanup fund not later than 30 days after the date the court's judgment becomes unappealable. On the date the commission's decision is not subject to judicial review, the commission shall release from the suspended amount in the oil and gas regulation and [oil field] cleanup fund the amount of the claim held to be invalid.

(k) If the aggregate of claims paid and money suspended that relates to well-site equipment or hydrocarbons from a particular well equals the total of the actual proceeds and credit realized from the disposition of that equipment or those hydrocarbons, the oil and gas regulation and [oil field] cleanup fund is not liable for any subsequently filed claims that relate to the same equipment or hydrocarbons unless and until the commission releases from the suspended amount money derived from the disposition of that equipment or those hydrocarbons. If the commission releases money, then the commission shall suspend money in the amount of subsequently filed claims in the order of filing.

SECTION 19.14. Subsection (b), Section 89.121, Natural Resources Code, is amended to read as follows:

SECTION 19.17. Subsection (a), Section 91.109, Natural Resources Code, is amended to read as follows:

(a) A person applying for or acting under a commission permit to store, handle, treat, reclaim, or dispose of oil and gas waste may be required by the commission to maintain a performance bond or other form of financial security conditioned that the permittee will operate and close the storage, handling, treatment, reclamation, or disposal site in accordance with state law, commission rules, and the permit to operate the site. However, this section does not authorize the commission to require a bond or other form of financial security for saltwater disposal pits, emergency saltwater storage pits (including blow-down pits), collecting pits, or skimming pits provided that such pits are used in conjunction with the operation of an individual oil or gas lease. Subject to the refund provisions of Section 91.1091 [~~of this code~~], proceeds from any bond or other form of financial security required by this section shall be placed in the oil and gas regulation and [oil-field] cleanup fund. (1) the responsible person has failed or refused to control or clean up the oil and gas wastes or other substances or materials after notice and opportunity for hearing;

(2) the responsible person is unknown, cannot be found, or has no assets with which to control or clean up the oil and gas wastes or other substances or materials; or

(3) the oil and gas wastes or other substances or materials are causing the pollution of surface or subsurface water.

(f) If the commission conducts a site investigation or environmental assessment or controls or cleans up oil and gas wastes or other substances or materials under this section, the commission may recover all costs incurred by the commission from any person who was required by law, rules adopted by the commission, or a valid order of the commission to control or clean up the oil and gas wastes or other substances or

materials. The commission by order may require the person to reimburse the commission for those costs or may request the attorney general to file suit against the person to recover those costs. At the request of the commission, the attorney general may file suit to enforce an order issued by the commission under this subsection. A suit under this subsection may be filed in any court of competent jurisdiction in Travis County. Costs recovered under this subsection shall be deposited to the oil and gas regulation and [oil field] cleanup fund.

(j-2) Notwithstanding Subsection (j-1), if under Subsection (j) the governing body of a taxing unit, before October 1, 2011, took action to provide for the taxation of goods-in-transit and pledged the taxes imposed on the goods-in-transit for the payment of a debt of the taxing unit, the tax officials of the taxing unit may continue to impose the taxes against the goods-in-transit until the debt is discharged, if cessation of the imposition would impair the obligation of the contract by which the debt was created.

where:

"MS" is the minimum monthly salary;

"SF" is the applicable salary factor specified by Subsection (c); and

"FS" is the amount, as determined by the commissioner under Subsection (b), of the basic allotment as provided by Section 42.101(a) or (b) for a school district with a maintenance and operations tax rate at least equal to the state maximum compressed tax rate, as defined by Section 42.101(a) ~~[state and local funds per weighted student, including funds provided under Section 42.2516, available to a district eligible to receive state assistance under Section 42.302 with a maintenance and operations tax rate per \$100 of taxable value equal to the product of the state compression percentage, as determined under Section 42.2516, multiplied by \$1.50, except that the amount of state and local funds per weighted student does not include the amount attributable to the increase in the guaranteed level made by Chapter 1187, Acts of the 77th Legislature, Regular Session, 2001].~~

(e-1) If the minimum monthly salary determined under Subsection (a) for a particular level of experience is less than the minimum monthly salary for that level of experience in the preceding year, the minimum monthly salary is the minimum monthly salary for the preceding year.

SECTION 57.06. Section 41.002, Education Code, is amended by amending Subsection (a) and adding Subsection (a-1) to read as follows:

(a) A school district may not have a wealth per student that exceeds:

(1) the wealth per student that generates the amount of maintenance and operations tax revenue per weighted student available to a district with maintenance and operations tax revenue per cent of tax effort equal to the maximum amount provided per cent under Section 42.101(a) or (b) ~~[42.101]~~, for the district's maintenance and operations tax effort equal to or less than the rate equal to the

product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year;

(2) the wealth per student that generates the amount of maintenance and operations tax revenue per weighted student available to the Austin Independent School District, as determined by the commissioner in cooperation with the Legislative Budget Board, for the first six cents by which the district's maintenance and operations tax rate exceeds the rate equal to the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year, subject to Section 41.093(b-1); or

(3) \$319,500, for the district's maintenance and operations tax effort that exceeds the first six cents by which the district's maintenance and operations tax effort exceeds the rate equal to the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year.

(a-1) Notwithstanding Subsection (a), a school district that imposed a maintenance and operations tax for the 2010 tax year at the maximum rate permitted under Section 45.003 may not have a wealth per student that exceeds \$339,500 for the district's maintenance and operations tax effort described by Subsection (a)(3). This subsection expires September 1, 2012.

SECTION 57.07. Effective September 1, 2011, the heading to Section 42.101, Education Code, is amended to read as follows:

Sec. 42.101. BASIC AND REGULAR PROGRAM ALLOTMENTS
[ALLOTMENT].

SECTION 57.08. Effective September 1, 2011, Section 42.101, Education Code, is amended by amending Subsections (a) and (b) and adding Subsections (c), (c-1), (c-2), and (c-3) to read as follows:

(a) The basic ~~[For each student in average daily attendance, not including the time students spend each day in special education programs in an instructional arrangement other than mainstream or career and technology education programs, for which an additional allotment is made under Subchapter C, a district is entitled to an]~~ allotment is an amount equal to the lesser of \$4,765 or the amount that results from the following formula:

$$A = \$4,765 \times (DCR/MCR)$$

where:

"A" is the resulting amount for [allotment to which] a district ~~[is entitled]~~;

"DCR" is the district's compressed tax rate, which is the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year; and

"MCR" is the state maximum compressed tax rate, which is the product of the state compression percentage, as determined under Section 42.2516, multiplied by \$1.50.

(b) A greater amount for any school year for the basic allotment under Subsection (a) may be provided by appropriation.

(c) A school district is entitled to a regular program allotment equal to the amount that results from the following formula:

$$\text{RPA} = \text{ADA} \times \text{AA} \times \text{RPAF}$$

where:

"RPA" is the regular program allotment to which the district is entitled;

"ADA" is the number of students in average daily attendance in a district, not including the time students spend each day in special education programs in an instructional arrangement other than mainstream or career and technology education programs, for which an additional allotment is made under Subchapter C;

"AA" is the district's adjusted basic allotment, as determined under Section 42.102 and, if applicable, as further adjusted under Section 42.103; and

"RPAF" is the regular program adjustment factor.

(c-1) Except as provided by Subsection (c-2), the regular program adjustment factor ("RPAF") is 0.9239 for the 2011-2012 school year and 0.98 for the 2012-2013 school year.

(c-2) For a school district that does not receive funding under Section 42.2516 for the 2011-2012 school year, the commissioner may set the regular program adjustment factor ("RPAF") at 0.95195 for the 2011-2012 and 2012-2013 school years if the district demonstrates that funding reductions as a result of adjustments to the regular program allotment made by S.B. No. 1, Acts of the 82nd Legislature, 1st Called Session, 2011, will result in a hardship to the district in the 2011-2012 school year. Notwithstanding any other provision of this subsection, the commissioner shall adjust the regular program adjustment factor ("RPAF") for the 2012-2013 school year for a school district whose regular program adjustment factor is set in accordance with this subsection to ensure that the total amount of state and local revenue in the combined 2011-2012 and 2012-2013 school years does not differ from the amount the district would have received if the district's regular program adjustment factor had not been set in accordance with this subsection. A determination by the commissioner under this subsection is final and may not be appealed.

(c-3) The regular program adjustment factor ("RPAF") is 0.98 for the 2013-2014 and 2014-2015 school years or a greater amount established by appropriation, not to exceed 1.0. This subsection and Subsections (c), (c-1), and (c-2) expire September 1, 2015.

$$A = \$4,765 \times (\text{DCR}/\text{MCR})$$

where:

"A" is the allotment to which a district is entitled;

"DCR" is the district's compressed tax rate, which is the product of the state compression percentage, as determined under Section 42.2516, multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year; and

"MCR" is the state maximum compressed tax rate, which is the product of the state compression percentage, as determined under Section 42.2516, multiplied by \$1.50.

Sec. 42.105. SPARSITY ADJUSTMENT. Notwithstanding Sections 42.101, 42.102, and 42.103, a school district that has fewer than 130 students in average daily attendance shall be provided a regular program [~~an adjusted basic~~] allotment on the basis of 130 students in average daily attendance if it offers a kindergarten through grade 12 program and has preceding or current year's average daily attendance of at least 90 students or is 30 miles or more by bus route from the nearest high school district. A district offering a kindergarten through grade 8 program whose preceding or current year's average daily attendance was at least 50 students or which is 30 miles or more by bus route from the nearest high school district shall be provided a regular program [~~an adjusted basic~~] allotment on the basis of 75 students in average daily attendance. as defined by Section 29.081, and all other students. Specifically, the funds, other than an indirect cost allotment established under State Board of Education rule, which may not exceed 45 percent, may be used to meet the costs of providing a compensatory, intensive, or accelerated instruction program under Section 29.081 or a disciplinary [an] alternative education program established under Section 37.008, to pay the costs associated with placing students in a juvenile justice alternative education program established under Section 37.011, or to support a program eligible under Title I of the Elementary and Secondary Education Act of 1965, as provided by Pub. L. No. 103-382 and its subsequent amendments, and by federal regulations implementing that Act, at a campus at which at least 40 percent of the students are educationally disadvantaged. In meeting the costs of providing a compensatory, intensive, or accelerated instruction program under Section 29.081, a district's compensatory education allotment shall be used for costs supplementary to the regular education program, such as costs for program and student evaluation, instructional materials and equipment and other supplies required for quality instruction, supplemental staff expenses, salary for teachers of at-risk students, smaller class size, and individualized instruction. A home-rule school district or an open-enrollment charter school must use funds allocated under Subsection (a) for a purpose authorized in this subsection but is not otherwise subject to Subchapter C, Chapter 29. For ~~Notwithstanding any other provisions of this section:~~

~~[(1) to ensure that a sufficient amount of the funds allotted under this section are available to supplement instructional programs and services, no more than 18 percent of the funds allotted under this section may be used to fund disciplinary alternative education programs established under Section 37.008;~~

~~[(2) the commissioner may waive the limitations of Subdivision (1) upon an annual petition, by a district's board and a district's site-based decision making committee, presenting the reason for the need to spend supplemental compensatory education funds on disciplinary alternative education programs under Section 37.008, provided that:~~

~~[(A) the district in its petition reports the number of students in each grade level, by demographic subgroup, not making satisfactory progress under the state's assessment system; and~~

~~[(B) the commissioner makes the waiver request information available annually to the public on the agency's website; and~~

~~[(3) for] purposes of this subsection, a program specifically designed to serve students at risk of dropping out of school, as defined by Section 29.081, is considered to be a program supplemental to the regular education program, and a district may use its compensatory education allotment for such a program.~~

SECTION 57.13. Subchapter C, Chapter 42, Education Code, is amended by adding Section 42.1541 to read as follows:

Sec. 42.1541. INDIRECT COST ALLOTMENTS. (a) The State Board of Education shall by rule increase the indirect cost allotments established under Sections 42.151(h), 42.152(c), 42.153(b), and 42.154(a-1) and (c) and in effect for the 2010-2011 school year in proportion to the average percentage reduction in total state

and local maintenance and operations revenue provided under this chapter for the 2011-2012 school year as a result of S.B. Nos. 1 and 2, Acts of the 82nd Legislature, 1st Called Session, 2011.

(b) To the extent necessary to permit the board to comply with this section, the limitation on the percentage of the indirect cost allotment prescribed by Section 42.152(c) does not apply.

(c) The board shall take the action required by Subsection (a) not later than the date that permits the increased indirect cost allotments to apply beginning with the 2011-2012 school year.

SECTION 57.14. Effective September 1, 2011, Subsection (a), Section 42.251, Education Code, is amended to read as follows:

(a) The sum of the regular program ~~[basic]~~ allotment under Subchapter B and the special allotments under Subchapter C, computed in accordance with this chapter, constitute the tier one allotments. The sum of the tier one allotments and the guaranteed yield allotments under Subchapter F, computed in accordance with this chapter, constitute the total cost of the Foundation School Program.

SECTION 57.15. Effective September 1, 2015, Subsection (a), Section 42.251, Education Code, is amended to read as follows:

(a) The sum of the basic allotment under Subchapter B and the special allotments under Subchapter C, computed in accordance with this chapter, constitute the tier one allotments. Sec. 42.2514. ADDITIONAL STATE AID FOR TAX INCREMENT FINANCING PAYMENTS. For each school year, a school district, including a school district that is otherwise ineligible for state aid under this chapter, is entitled to state aid in an amount equal to the amount the district is required to pay into the tax increment fund for a reinvestment zone under Section 311.013(n), Tax Code.

If the state compression percentage is not established by appropriation for a school year, the [The] commissioner shall determine the state compression percentage for each school year based on the percentage by which a district is able to reduce the district's maintenance and operations tax rate for that year, as compared to the district's adopted maintenance and operations tax rate for the 2005 tax year, as a result of state funds appropriated for distribution under this section for that year from the property tax relief fund established under Section 403.109, Government Code, or from another funding source available for school district property tax relief.

(b) Notwithstanding any other provision of this title, a school district that imposes a maintenance and operations tax at a rate at least equal to the product of the state compression percentage multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year is entitled to at least the amount of state revenue necessary to provide the district with the sum of:

(1) the percentage specified by Subsection (i) of the amount, as calculated under Subsection (e), [the amount] of state and local revenue per student in weighted average daily attendance for maintenance and operations that the district would have received during the 2009-2010 school year under Chapter 41 and this chapter, as those chapters existed on January 1, 2009, at a maintenance and operations tax rate equal to the product of the state compression percentage for that year multiplied by the maintenance and operations tax rate adopted by the district for the 2005 tax year;

(2) the percentage specified by Subsection (i) of an amount equal to the product of \$120 multiplied by the number of students in weighted average daily attendance in the district; and

(3) ~~[an amount equal to the amount the district is required to pay into the tax increment fund for a reinvestment zone under Section 311.013(n), Tax Code, in the current tax year; and~~

~~(4)~~ any amount to which the district is entitled under Section 42.106.

(d) In determining the amount to which a district is entitled under Subsection (b)(1), the commissioner shall:

If the state compression percentage is not established by appropriation for a school year, the [The] commissioner shall determine the state compression percentage for each school year based on the percentage by which a district is able to reduce the district's maintenance and operations tax rate for that year, as compared to the district's adopted maintenance and operations tax rate for the 2005 tax year, as a result of state funds appropriated for [distribution under this section for] that year from the property tax relief fund established under Section 403.109, Government Code, or from another funding source available for school district property tax relief.

SECTION 57.20. Effective September 1, 2011, Subsection (a), Section 42.25161, Education Code, is amended to read as follows:

The Legislative Budget Board shall propose to the legislature that the certified amount be transferred to the foundation school fund from the economic stabilization fund and appropriated for the purpose of increases in allocations under this subsection. If the legislature fails during

the regular session to enact the proposed transfer and appropriation and there are not funds available under Subsection (j), the commissioner shall adjust ~~reduce~~ the total amounts due to each school district and open-enrollment charter school under this chapter and the total amounts necessary for each school district to comply with the requirements of Chapter 41 ~~[amount of state funds allocated to each district]~~ by an amount determined by applying to each district and school, including a district receiving funds under Section 42.2516, the same percentage adjustment to the total amount of state and local revenue due to the district or school under this chapter and Chapter 41 so that the total amount of the adjustment to all districts and schools ~~[a method under which the application of the same number of cents of increase in tax rate in all districts applied to the taxable value of property of each district, as determined under Subchapter M, Chapter 403, Government Code,]~~ results in an amount ~~[a total levy]~~ equal to the total adjustment necessary ~~[reduction]~~. In addition to the amount otherwise required to be paid into the tax increment fund, the district shall pay into the fund an amount equal to the amount by which the amount of taxes the district would have been required to pay into the fund in the current year if the district levied taxes at the rate the district levied in 2005 exceeds the amount the district is otherwise required to pay into the fund in the year of the reduction. This additional amount may not exceed the amount the school district receives in state aid for the current tax year under Section 42.2514, Education Code. (d) The commissioner may request that the comptroller place the portion of the permanent school fund committed to the guarantee of charter district bonds in a segregated account if the commissioner determines that a separate account is needed to avoid any negative impact on the bond ratings of school district bonds for which a guarantee is requested under this subchapter.
