Instill in us the respect and honor that we are to show one another. We echo the prayer of Daniel in the scriptures, Blessed be the name of God, forever and ever. God, You know all and do all. You change the seasons and guide history. You raise up those in authority and also bring us humility. You provide both intelligence and discernment for the tasks at hand. O God of all our ancestors, to You all thanks and praise are given. Lord, endow these leaders of our Texas Senate with wisdom for their several duties, with a spirit of sacrifice for the common welfare, with uprightness and integrity for their vocation. Grant that the true purposes of government may prevail. We are thankful to You alone for home and health, faith and forgiveness, peace and prosperity. STATEMENT OF LEGISLATIVE INTENT

Senator Garcia submitted the following statement of legislative intent for **CSSB 693**:

We recognize the importance of seat belts in cars, airplanes, even grocery carts. We know that seat belts save lives. We wear them ourselves and teach our children and grandchildren how to "buckle up" all the way from car seats, to booster seats, to standard passenger seats.

Taxpayer dollars are spent on public awareness and enforcement campaigns aimed to educate Texans to "click it or ticket" and "buckle up for safety". Not requiring children to "buckle up" on the way to and from school creates an inconsistency in what we teach them in every other vehicle.

Current law already requires that school buses purchased after 2010 be equipped with 3-point seat belts, contingent on state funding. We keep this requirement, but amend it apply to school buses model year 2018 or newer, and it is not contingent on state funding.

However, there is an opt-out provision. If a school district's board determines that their budget doesn't permit them to purchase new buses with 3-point seat belts, and votes to approve that determination, they will be exempt from the requirement.

The National Safety Council updated its position on Child Passenger Restraints in 2016, to reflect their opinion that "when properly used, lap and shoulder belts provide more protection than lap belts alone."

The stated policy of the National Highway Transportation Safety Administration is that "every child on every school bus should have a three-point seat belt. . . School buses should have seat belts. Period."

The Texas Education Agency's Bus Accident Reporting System (BARS) uses an annual survey to collect information on accidents involving school buses operated or contracted for use by school districts and charter schools, as required by statute and rule. The survey is open for reporting from approximately July 1 through approximately August 31 each year. In the 2015-2016 school year, there were 2,095 school buses crashes which involved 23,318 students. In those bus crashes, only 282 passenger seats were equipped with 3-point seat belts, 2 students lost their lives, and 829 students were injured.

As reflected in the bill, the legislative intent of CSSB 693 is to ensure the safety of all students by taking every measure possible to protect their lives and well-being during transportation on a bus to and from school and extracurricular activities.

We are not asking school districts to spend more money, we are asking them to spend smarter keeping our children's safety in mind. One child's life lost is one life too many.
